XL National Symposium of the International Union of Radio Science
3-5 September 2025

URSI 2025 TARRAGONA

XL Simposio Nacional de la Unión
Científica Internacional de Radio

The **National Symposium of the International Union of Radio Science (URSI)** has been held in Spain since 1980. It is the academic event of reference in the field of Radio Science composed of 10 Scientific-Technical Commissions of URSI (www.ursi.es), and has become a mandatory annual meeting for experts in telecommunication and radio-physics, with special emphasis on microwave engineering, antennas and radio astronomy. **In 2025 the XL edition will take place in Tarragona**, organized by the **Nephos Group** of the School of Engineering of the **University Rovira i Virgili**.

During the sessions, some of them special, the latest advances will be introduced. In the last editions, around **200 papers have been presented** and more than **250 researchers** have attended.

It is a consolidated symposium and, therefore, a unique place for the presentation of products and services by companies in the sector. Furthermore, it is a great platform for **creating synergies between universities and companies**.

INFORMATION

The National Symposium of the International Union of Radio Science, URSI 2025, will take place in the iconic **building of the Seminary of Tarragona**, close to the Cathedral, from **September 3 to 5, 2025**.

There are 5 standard sponsorship levels :

- **PLATINUM**
- **GOLD**
- **SILVER**
- **BRONZE**
- **CONTRIBUTOR**

This classification allows the sponsor to participate to a greater or lesser extent in the activities that will take place during the event, according to its profile and needs.

On the other hand, an additional higher level of collaboration is offered in the form of a **Global Symposium Sponsor**. The details of this special level of sponsorship must be agreed with the local organizing team of the Symposium.
